

Junior Research Fellow in Fuel Cell & Gas Research Laboratory (IIT Gandhinagar)

Indian Institute of Technology Gandhinagar (IITGN) invites applications for Junior Research Fellow position for a research project funded by PDA.

Job Description: The candidate will be required to work on commercial simulation software for modelling of reacting flow in the channel. He/she will have the opportunity to optimize a reactor based on the chemical kinetics available in the literature. The candidate should be a highly motivated, continuous learner and capable to work independently.

Eligibility: Graduates (UG/ PG) in the field of Mechanical Engineering or Chemical Engineering are encouraged to apply. GATE qualification is not mandatory to apply for this position. People with understanding of computational fluid dynamics (CFD) with a basic hand on experience of the CFD tools will be preferred.

Duration: The initial contract will be of twelve months, subjected to further extension.

No of Post: 2 vacancies

Remuneration: ₹31,000 per month + HRA (27% or Accommodation)

Application Procedure: Complete the online application here
