2. The question paper for the exam shall be consisting of 100 questions and the paper shall be of 100 marks. There shall be negative marking system and 1/4th mark for each wrong answer shall be deducted to arrive at total marks scored. 3. If applications are received in large number then examination will be held in multiple batches/sessions and candidates' scores shall be normalized as per Normalization formula attached herewith. 4. The Management reserves the right to short-list, select and reject any candidates for exam as the case may be for selection. C. **Result of Exam** As per GSO-3 the minimum eligibility cut off marks for selection will be 50 and 1. above marks for unreserved & EWS and 45 and above marks for reserved candidates. If exam is held in multi-session, marks shall be considered after normalization. The selection will be made purely on the basis of merit considering available vacancies and reservation rules. 2. 5% marks (of secured marks in Exam) over and above actual marks secured shall be added in case of Widow Female Candidates. The widow female candidate, if remarried shall not be given advantage of grace of 5 % marks. Further, the widow candidates shall categorically state so and inform if they are remarried with necessary documentary proofs. While preparing selection list, if two or more candidates found with equal marks in Exam, they will be kept in merit according to their date of birth i.e. elder will be kept in priority to younger and if the date of birth is also found same, then they will be kept in priority according to alphabet seniority of name. 4. The Selection List as and when required as per the vacancy position shall be drawn from result published. The result published shall be valid for the period of one year from the date of publication. 5. The selection for the above posts will be on the basis of marks obtained in Exam and subject to reservation rules, documents verification and pre-employment medical examination. 6. The Management reserves the right to cancel the Selection List at any time at its sole discretion, without assigning any reasons thereof. D. **Other Conditions** 1. The vacancies shall arise throughout the year and the appointment is subject to requirement as per roster point applicable from time to time during the year. 2. The candidates shortlisted for Exam on the basis of their "On-line Applications" shall be required to submit photocopies of all the relevant certificates and subsequently, the original certificates for verification as and when required and if not submitted within prescribed time limit; their candidature will be considered invalid. 3. The candidates who have been given grades in their result (Graduation) shall have to submit a certificate issued by their University/Institute specifying percentage equivalent to the grades obtained by them along with decimals. 4. #### **Normalization Methodology**

#### **Methodology:**

1. The average of scores of each batch is calculated first. The average of marks is calculated as mentioned below:

$$\bar{x} = \frac{\textit{Sum of marks of all candidates}}{\textit{Number of candidates in the batch}}$$

- 2. The batch with highest average is considered as **Base Batch**. All other batches will be normalized against this Base Batch.
- 3. The **Standard Deviation** (**o**) of each batch is calculated. The formula to calculate the Standard Deviation is as mentioned below:

$$\sigma = \sqrt{\frac{\sum (x - \bar{x})^2}{N - 1}}$$

Where:

 $\sigma = Standard Deviation$ 

 $x = Score \ of \ candidate$ 

 $\bar{x} = Mean \ of \ Scores \ of \ the \ candidates \ in \ the \ batch$ 

N = Number of candidates in the batch

4. Assuming that Batch 1 is to be normalized against Batch 2 (Base Batch), then the normalized score of candidate is calculated using the following formula:

$$X_n = \frac{S_2}{S_1} * (X - X_{avg}) + Y_{avg}$$

Where:

 $S_1 = Standard Deviation for Batch 1$ 

 $S_2 = Standard Deviation for Batch 2 (Base Batch)$ 

 $X = Score \ of \ candidate$ 

 $X_{avg} = Average Score of candidate's batch$ 

 $Y_{avg} = Average score of Base Batch$ 

 $X_n = Normalized Score of candidate$ 

The same formula can be used in case there are more than two batches for a Post.

- 5. The following candidates will be eligible for Merit List:
- a. **Unreserved & EWS Category :** Candidates having Normalized score of more than or equal to 50
- b. Reserved category: Candidates having Normalized score of more than or equal to 45
- 6. This method has been applied for the following customers:
- a. Railway Recruitment Board
- b. SSC Board
- c. Ordinance Factory and many more

The following points will be handled during scheduling of candidates:

- 1. Batches will have nearly equal number of candidates scheduled
- 2. Equal distribution of candidates as per their categories
