Advertisement for Research Associate in DST-SERB sponsored project

Applications are invited for a post of Research Associate (RA) to work on the R&D project titled "**Construction of permutation polynomials, and computation of generalized differential and boomerang uniformities of some classes of functions over finite fields**," sanctioned by the Science and Engineering Research Board (SERB), Govt. of India, for a period of three years. The RA will be initially appointed for a period of one year and may be extended for a maximum of three years depending on performance, which will be evaluated at the completion of each year. The post is purely temporary and co-terminus with the project.

Salary: Research associate may be fixed at a consolidated amount at one of the three pay levels described below, depending on their credentials and experience.

Sl. No.	Category	Emoluments per month
1.	Research Associate-I	Rs. 47,000 + HRA
2.	Research Associate-II	Rs. 49,000 + HRA
3.	Research Associate-III	Rs. 54,000 + HRA

Eligibility: Motivated Ph.D. degree holders within the last two years or those who submitted their Ph.D. thesis recently in the relevant area and have a consistently good academic record can apply.

Number of vacancy: One

Application Process: Eligible candidates may submit an application to Dr. Sartaj Ul Hasan (sartaj.hasan@iitjammu.ac.in). The application email should contain the subject "RA Application". The application should include a cover letter and CV of the applicant. The last date for applications is **February 10, 2023**. Only short-listed candidates will be contacted by email. The interview will be in online mode, the date of which will be notified later.

Attention:

1. The applicant will be responsible for the authenticity of information and of the documents.
2. Applicants in employment (private, government or any other organization) are required to submit a "No Objection Certificate" from their employer at the time of interview.
