VACANCY NOTICE

RA POSITION AVAILABLE

One Research Associate Position is available in the Microbial Engineering group, in the lab of Dr. Syed Shams Yazdani in an industry-funded project. The position is available initially for one year with annual extensions based on performance and achieving objectives.

Please note that this is a temporary project position whose duration is only for the tenure of the sanctioned project. The salary will be as per DST norms, based on qualification and experience.

Position- Research Associate

Job description: The selected candidate will be performing genome engineering of bacterial strains using various synthetic biology and genome editing tools for the production of a commercial product. The candidate will also be responsible for arranging meetings with the industrial partner and preparing detailed technical reports of the progress made for the project.

Qualifications: PhD in Molecular Biology, Biotechnology, Life Sciences or other related field with in-depth experience in various advanced molecular biology techniques.

Desirable qualifications: Experiences in Genome engineering, DNA assembly and genome editing using CRISPR/Cas9, and handling bioreactor are desirable.

Interested candidates should email their latest curriculum vitae and cover letter (**Cover letter must mention pertinent skills**) with a detailed description of scientific experience to dbt.icgeb.bioenergy@gmail.com, with the subject mentioned as "Application for RA position in Microb Engg Group". Only short-listed candidates will be contacted for an interview.

Closing date for applications: 10th November 2023
